The Court was then cleared, and after a time the President said: "The Court sustains the protests of ar as it relates to the second charge, but overrules it so far as it relates to the third and fifth charges."

In the beginning of July, 1842, I was in Washington, and obtained permission of the Secretary of the Navy to look at the papers I had written, and others touching my immediate case that might be in the Department on file. I asked for this paper of December 9, but was unable to obtain it. I inquired of the Clerks of the Department; they examined the files of papers in my presence, and they did not give it me.

Some conversation here ensued as to proving the contents of the paper, which proof was not offered.

Sometime in May, 1840, I sent, through Lieutenant Hudson, commanding the Peacock, to which vessel I was attached, a report to Lieutenant Wilkes of the conduct of fine the standard and sent with this report a set of Lieutenant Ringgold, and sent with this report a set of charges and specifications against Lieut. "Messrs Sands—Gentlemen: Owing to you a debt which money cannot pay, I am induced to make a public acknowledgement of the benefit I have derived from your (to me) invaluable preparation of Sarsaparilla. I was sorely afflicted with a terrible scrofulous disease, which commenced on my neck, and, continuing to spread, soon reached my ears, running into my head, and extended all over my face, neck, arms and lower extremities. I became a disgusting object to look upon. At times my distress was so great that I was unable to fleep or lle down, and the disease extending into my ears, seriously affected my hearing. My face was one continuous sore, from which a discharge of matter and water kept constantly oozing out. People avoided me, supposing I had the small pox, or some other infectious disease, and I was consequently obliged to relinquish my business. Notwithstanding I had the best medical advice and tried different plans of treatment, the disease continued to grew worse, until I gave up in despair. Fortunately for me, I chanced to fall in with a lady on board a railroad car while raveling for my health, who informed me that her son was at one time in as had a capalition as I was, and that by using raveling for my health, who informed me that her son was at one time in as bad a condition as I was, and that by using one time in as bad a condition as I was, and that by using your Sarsaparlila he was speedily cured. I immediately procured the article and commenced using it, and now, after having taken less than six bottles, I am well and able to attend to my business. I send you this statement as an act of justice, only hoping it may induce the afflicted to make use of the right medicine, and thereby save themselves much suffering and expense. Those wishing to learn farther particulars concerning my case will fifth me at No. 207 Greenwich-street, where it will afford me great pleasure to communicate any thing in relation to the above.

I am, with gratitude, yours, &c.

The Committee of the Board who have had the question under consideration, will report unanimously that Boorman, Johnston & Co. should receive the stock.

We should be glad to know what has become of the Contmittee appointed to investigate and, report on the affairs of the North American Trust and Banking Company. IT SEARS' BIBLE BIOGRAPHY.—This is a most beautiful work, so far as paper, printing, embellishments, and binding are concerned. It is an octavo rolume, and contains

481 pages of letter press, illustrated with some of the most spirited engravings we have seen for a long time. The frontispiece, by Lossing, represents Doddrige's mother teaching him Scripture history by D₁ tch tiles. This is an

exquisite picture, and one on which the eye may rest with more than ordinary delight. We have not had time to read the work, but from the notices given of it by some of the

most respectable journals, we judge it will be well re-ceived by the religious public. Price, \$2.50. Sold at No. 122 Nassau street, New York. aul5 1mis*

The proprietor, well knowing that no other remedy could be manufactured to equal this, has for a long time ceased to advertise it, during which period hundreds of the afflicted have applied for it, and used it successfully, after the utter failure of the common quack nostrums, which they have been induced to try. The proprietor desires now to inform the public that he has made an arrangement with A. B. & D. SANDS, of No. 79 Fulton-street, corner of Gold-street, by which they have become sole agents for the wholesale and retail sale of the Embrocation, for the city and county of New-York.

Since the introduction of this remedy to the public, various empires have palmed upon the country nostrums, and lottons and liniments, and "infallible rheumatic mixtures," all of which are calculated more or less to injure the system, rather than remove any complaint.

In proof of the estimation in which the Embrocation is held by a respectable mea in the medical profession, as well as by the thousands of persons who have been effectually cared of Rheumatism, the proprietor has subjoined letters from a few who are well and popularly known to the entire society in New-York, and whose opinions and professional judgement are universally exteremed.

The following is especially recommended to the attention of gentlemen of the Naval and Merchant service.

I, Henry B. Nones, First Lieutenant of the Revenue Cutter Alert, in the service of the United States, do certify that I was for five months afflicted with the Inflammatory Rheumatism, and had tried every remedy by advice of physicians, without any relief—and finally, by advice of Dr. William Rockwell, Health Officer at Quarantine, I applied to Dr. M. B. Cohen, in the month of July, 1837, for a bottle of his Rheumatic Embrocation, and after one week's use of the specific, was entirely free from pain and able to resume my place in the service.
